Bring chairs, blanket and your picnic

Love Offering \$10

Esperanza Interfaith Center

1217 Leisure Ave., Tampa, FL 33613

2-acre home ministry on a lake

Join us in prayer and meditation to heal Mother Earth.

Light workers all over the world are being guided to create groups focused on the process of transformation and raising the consciousness of everyone on the planet. This process of transformation is happening on the cellular level. We are all awaking.

Gather with us on Nov. 14, 2009 and join us in Drumming, Dancing and “making a joyful noise unto the Universe” for planetary healing. The day after planetary healing events, studies show, crime goes down and people are generally more loving and kind to each other. We, as ‘Beacons of Light’ on the Earth touch everything and everyone on the Earth with our Light, reminding them that we are ALL ONE!

If you are a **spiritually-minded person**, healer or otherwise conscious person, we need you! There is power in numbers. If you can’t join us in person, please make a commitment to pray, send energy and healing to the planet on that day, at that time. Visualize Planet Earth surrounded by the Love and Light of the Creator. **We can make a difference! Bring a picnic, lawn chairs or a blanket. Wear comfortable clothes.**

Opportunities available for healers and practitioners to provide healing or information about their practice. Please call the Planning Committee if you are interested.
